

## VSO Breeders List Effective May 05, 2022

The breeders on this list have certified that they do the following health tests and obtain certified clearances on their breeding stock:

- hip radiograph evaluations for hip dysplasia by board-certified veterinarians,
- thyroid testing,
- eye clearances by board-certified veterinary ophthalmologists.

They also attest to provide a written contract with a health guarantee, lifetime support, and a requirement that puppies be returned to them or that they approve a new home. In addition, their puppies are registered with the Canadian Kennel Club if they reside in Canada, or the American Kennel Club if they reside in the US.

**It remains the responsibility of the buyer to research each breeder fully before finalizing the purchase of a puppy.** The VSO has various resources at <https://www.vsovizsla.org/find-a-breeder> to guide you.
